Presenter

Scott Wilson, CEO, Rankhigher.ca

Rankhigher.ca grew out of Scott Wilson's other business, eMotion Picture Studios, which pioneered streaming technologies to let companies market better on the internet. They became a Search Engine Optimization Internet marketing company soon after deciding that they could do a better job than their own expensive, "inept" SEO consultant. They got their own website to top-ranked on Google through SEO Internet marketing and since then have done it for many others, including a number of Fortune 500 companies. Scott has recently been featured on 680 News and was a headline speaker at this year's PROFIT 100 conference.
